

# Cookie Policy

## What Are Cookies?

Cookies are small text files stored on your device when you visit a website. They help websites function properly and provide insights into how visitors interact with the site.

### 1. Essential Cookies

These cookies are necessary for the website to work. They:

- Enable basic site functions like page navigation and secure login
- Remember your cookie preferences
- Ensure the website displays correctly on your device

Essential cookies cannot be turned off because the site won't function properly without them.

### 2. Non-Essential Cookies

These cookies are optional and used to improve your experience. They may include:

- Analytics cookies (to understand how visitors use our site)
- Performance cookies (to improve loading speed and usability)
- Marketing cookies (to deliver relevant content or ads, if applicable)

We only set non-essential cookies if you give your consent.

### 3. Managing Your Preferences

You can choose to accept all cookies, reject non-essential cookies, or manage your preferences at any time. You can also disable cookies through your browser settings, but some parts of the site may not work correctly.

For more details on how we use cookies and handle your personal data, please read our [\[Privacy Policy\]](#).
